What YOU Need to Know About Fair Judging

You've worked really hard on a project and done your very best. You enter your item in the fair and eagerly await what the judge thinks of your efforts. Sometimes it's good news; sometimes it's disappointing. Watching the judging process should give you an idea of what you should keep on doing and where you might improve. Exhibitors, parents, and anyone else are always welcome and encouraged to watch the judging; however, please do not interfere with the department workers or the judge. A good judge will take the time to explain why he/she is placing a grouping in that order. If you still have questions about the judging, wait until the judge is through and then ask politely if he/she could explain a little further. Remember, though, that the judge's decision is final.

There are four types of judging that take place at the fair:

- Danish judging is used for most of the departments and classes in the junior division. All the entries in one lot number are arranged together so the judge can decide what placing to give them. Each of the entries will get a placing, but there is a limit to the number of blue, red, and white ribbons a judge can give. For example, if six chocolate cakes are entered, only two can get a blue ribbon. There is a Danish judging chart in this fair book which shows how many placings the judge can give in an area.
- Regular judging is used when there is an open division and in a few classes in the junior division. This means that only four placings can be given in each lot number - one blue, one red, one white, and one pink. If there were more than four items, the rest of the items would not receive a placing.
- Conference judging means that the entire group of exhibitors for a specific lot number meet with the judge, and the judge briefly discusses each exhibit with the exhibitors. The judge places each exhibit in the appropriate award group by comparing it to the standard of perfection and the quality of the other exhibits according to the Danish system.
- Face-to-face judging means that the exhibitor must be present at the time of judging and talk to the judge about his/her entry. This system is designed to make the fair and judging experience more educational for the exhibitor. The judge places the exhibit in the appropriate award group according to the standard of perfection, or the ideal.

Remember, though, that the most important thing is how YOU feel about your project and what you learned. If you did your best and are satisfied with the final result, then be proud of yourself. Think of the experience you gained and look ahead to the next year.

For Adults Participating in the County Fair

- Kids are watching you today. They are learning from your words and the example you set.
 - Winning is NOT the most important thing that happens at this event.
 - Focus on their EFFORTS, not the outcomes.
 - Focus on the YOUTH, not the ribbons or awards.
 - No matter what the exhibitors' project is, the focus of the volunteer, parent, or guardian should be the youth exhibitor.
 - **Exhibit at your own risk**
 - **No Alcohol, smoking, or vaping on the grounds.**
 - **The Eau Claire County Fair is not liable for accidents, injury or stolen property.**

Eau Claire County Fair Dress Code & Behavior Standards

Junior fair exhibitors are expected to conduct themselves in ways that properly represent their organization and provide a positive image of youth to the public. In order to facilitate this, Junior Fair exhibitors will:

- A. Dress appropriately for all judging and showing events. This means dressing in a way that does not endanger themselves or others, and wearing clothing that covers their stomachs, chests, backs, buttocks, and undergarments. Tops are not to be worn that are:
 - open backed or totally off the shoulder
 - overly sheer so that undergarments can be seen, or
 - low cut so that cleavage is exposed.
- B. NOT swear or use language which is objectionable to other exhibitors, families, judges, or fair staff. Exhibitors will be warned up to two times verbally, and upon the third violation will be asked to leave the show or judging situation.
- C. Any Junior Fair exhibitors found using an illegal drug, tobacco, or vaping product anywhere on the fairgrounds will forfeit all fair privileges.

Failure to comply with the rules listed above will result in the exhibitor being asked to leave the show or judging situation and forfeiting all premiums, ribbons, or any other recognition which would have otherwise been awarded.

Mission:

The mission of the Eau Claire County Fair is to provide opportunities for youth who are members of 4-H, FFA, and other youth organizations to showcase their accomplishments and talents. This event, steeped in tradition, allows youth to gain valuable life skills in a safe manner.

In keeping with the mission of the UW-Extension, and in partnership with the citizens of Eau Claire County, the fair seeks to provide opportunities in life-long learning in agriculture, agribusiness, natural resources, family living and youth development. The event provides activities, entertainment, and learning opportunities to the diverse citizens of Eau Claire County and guests from the surrounding area.

Disrespectful behavior of any kind, ranging from subtle hints or conduct to overt acts, is not acceptable.

How to respond to an offender:

- A. Anyone who is treated disrespectfully is encouraged to make it known to the offending individual that the behavior is offensive. Whenever possible, the recipient should make a direct attempt at resolution by informing the offending individual, either verbally or in writing that the conduct is considered disrespectful and must stop immediately.
- B. If the response of the offender is unsatisfactory, or the recipient feels uncomfortable confronting the offender a grievance can be submitted to the Fair Committee Chair. The Fair Committee Chair will attempt to mediate with both parties seeking a resolution.
- C. If resolution is not accomplished this grievance may be shared with the Fair Committee and Fair Coordinator for assistance with resolution.
- D. A formal meeting will occur between the parties involved, the leadership team of the Fair Committee and Fair Coordinator. The Fair Committee and Fair Coordinator have the right to request separate or joint meetings between parties. If reconciliation cannot be accomplished, it will remain the right of the Fair Committee and Fair Coordinator to make final recommendations to all parties involved following mediation. Based on the severity of the violation in mutual respect, actions may include requesting those youth or adults involved to abstain from attending any Eau Claire County Fair events. In severe cases, exploring termination of participation in any future Fair may be suggested.
- E. In special circumstances when the Fair Committee and Fair Coordinator may require additional support in correcting a situation, the Extension Education Committee Chair may be requested to give guidance.

At all times, mediation and resolution will be done respectfully between all parties involved.

Animal Health Regulations

Fairs and Shows in Wisconsin: 2021 Season

This is a summary of animal health requirements for fairs, shows and exhibitions only. They are not necessarily the same as requirements for importing animals into Wisconsin or moving them within the state for other purposes. They may change if animal diseases occur in Wisconsin or elsewhere, so you should always check our website or contact us for current information. Ref. s. ATCP 10.87, Wis. Admin. Code

<p>General Requirements for show organizers</p>	<p>All fairs or exhibitions of any length must obtain, review, and keep for five years all required records and test results:</p> <ul style="list-style-type: none"> • Exhibitor's name and address • Animal identification (number, type, description, and, when required, official identification (see requirements for different animals below)) • Documents showing compliance with disease testing and other health requirements • Livestock premises number, if any, where animals originated • Documentation showing legal importation to the event (if applicable) and, when required, movement to the event (see requirements for different animals below) • For swine, a record of any swine transported directly to a slaughtering establishment • For swine, a record of any swine transported to an animal market where all animals sold at the market sale for that day were shipped directly to a slaughtering establishment <p>Fairs or exhibitions lasting more than 24 hours must appoint a licensed veterinarian to inspect all animals daily.</p> <p>Please note: Except in specific circumstances, if an animal already bears an official 840 eartag, that eartag must not be removed and additional official eartags must not be applied. Instead the existing eartag must be read and recorded when a record of that animal is required. (Ref. s. ATCP 10.045, Wis. Admin. Code)</p> <p>These regulations apply to all fairs and exhibitions, including additional events (like rodeos, shows, or other organized events) that occur in conjunction with the fair.</p>
<p>Diseases</p>	<p>Animals that show evidence of having contagious or infectious diseases may not be commingled (or housed/kept) with other animals at a fair, show, or other exhibition in such a way as to allow disease to spread. Such animals should not attend the fair, show, or exhibition. Animals may be denied entry if they arrive at these events with contagious or infectious diseases, isolated and/or removed if they develop disease after arriving, or be subject to other action as would be necessary to control disease.</p> <p>Bovine animals with ringworm, mange, warts or scab will be removed from the fair or exhibition premises, unless the veterinarian in charge finds warts or ringworm lesions are incapable of transmitting disease.</p>

Eau Claire County Fair and Use of Ractopamine

Ractopamine-free swine production is now a market specification/requirement throughout much of the U.S. pork packing industry. Beginning with the 2021 Fair, the Eau Claire County Fair Committee is making it a requirement for exhibitors not to use the feed additive Ractopamine, also known as (Paylean®, Engain®) for feeding project animals.

Ractopamine is a feed additive that changes how the pig partitions nutrients and energy to muscle and fat cells. It increases the amount of protein deposited in muscle cells and increases the rate that fat is removed from storage. The net effect is that a greater portion of the carcass is lean protein.

This change is coming in part because the United States has the opportunity to increase its pork exports globally. While Ractopamine is approved by the U.S. Food and Drug Administration, it is banned in many countries that are potential buyers of U.S. pork and as a result many processing plants will not accept swine that have been fed the additive. An integral part of the Livestock Project is understanding the marketing of our animal products to industry and what the consumer of those products is looking to purchase.

Moving forward, the Fair Committee is banning the product in 2021 in project animals and placing testing protocols in place to ensure the product we are providing to our consumers is meeting industry standards. The Eau Claire County Fair Committee is urging exhibitors to check feed tags to make sure Ractopamine is not added to their animal's feed. Exhibitor's animals will be tested randomly, those testing positive for Ractopamine will be required to pay for any testing and replace any carcass purchased through the Eau Claire County Fair auction. The exhibitor may be ineligible for future participation in the Livestock Project and Fair.

PROJECT RESPECT FOR JUDGES AND BUYERS:

Judges and project supporters/auction participants (potential buyers) are an integral part of the livestock project and are to be treated with the utmost respect by participants and their families. There will be zero tolerance of any badgering, harassment, etc. of judges or project supporters/auction participants by either project participants or their families (including parents, siblings, grandparents and stepfamily members.). This includes and is not limited to face--to--face, phone calls, texting, email, Facebook postings or any other forms of social media. The Eau Claire County Livestock Project will determine punishment, which may lead up to, and including, termination of participation in the Eau Claire County Livestock Project for life. Eau Claire County Fair Committee will be notified of any incident and the action taken.

EAU CLAIRE COUNTY FAIR – FISCAL RESPONSIBILITY:

The Eau Claire County Fair Committee Enacted Exhibitor and Family Fiscal Responsibility for the fair. If an exhibitor or the exhibitor’s family owes for ANY financial obligations that are fair related, that exhibitor will not be allowed to participate in the fair until said fiscal obligations are met including any penalty charges.

Eau Claire County Fair Premium List

The mission of the Fair is to effectively support and build a community of youth learning leadership, citizenship, and life skills. All youth organizations which participate in the Fair have similar missions to accomplish this positive youth development.

Everyone is expected to adhere to the Mutual Respect and Trust Standards demonstrating mutual respect toward youth and adults alike.

The third barrel will be down the arena and will be a maximum of 150' from the starting line. It will be equaled distant from the right and left barrels. No barrel may be closer than 15' from any fence. The pattern can be run either right or left. Contestant may touch a barrel in an attempt to prevent it from falling over. Any changes made in the pattern once a class has started will cancel all times run and call for the rerunning to the entire class.

Disqualifications: Knock down of barrel, broken pattern, running off course or separation of rider and horse/pony during the timing period will disqualify contestant.

Each horse or pony or exhibitor may be entered in only one of these lots.

The rider must signal to the ring crew if they will be running right or left.

Disqualifications: The rider will be disqualified for dropping the flag.

Flag not staying in the "stuck position" in the material inside the container on the third barrel, not going around the second barrel, knocking over any flag container, knocking over any barrel, using the flag for a bat, running off course or separation of rider and horse/pony during the timing period.

The rider must exit the front of the box (nearest barrel), ride around the barrel, either left or right and then reenter the front of the box for 5 seconds. The time starts when rider crosses timing line and stops with re-crossing of timing line. The barrel must stay in place for the entire class. Rider may touch barrel in an attempt to prevent it from falling over.

Disqualifications: There will be no time if the rider does not enter the rear of the box, if the barrel is knocked over, the horse/pony does not stay inside the box for the two required five (5) second timing periods, if the horse does not reenter the front of the box, for a broken pattern, or separation of rider and horse/pony during timing period.

CLASS D-3 - FLOWER EXHIBIT - grades 9 and up

All flowers must be flowers grown by the 4-H member. Must conform to projects selected or similar program. The judge will want to look at each individual flower and see stem and foliage. For the purpose of judging at this fair, an annual will be any plant that normally lives only one season in our climate. For instance, the following plants are considered annuals: Hollyhock, Snapdragon, Marigolds, Petunia, Geranium, Pansy, Zinnia, Bachelor Buttons, Poppy, Gloriosa Daisy, Ageratum, Strawflower, Annual Phlox, Annual Babies Breath, Moss Roses, Verbena, Salvia, Bells of Ireland, Dahlia and Celosia. The following suggestions are from a judge and should be used as a guideline when displaying your exhibit. They are **NOT** regulations that must be followed.

Remove dirt from leaves, stems, and flowers. Foliage should be left on stems if healthy along with healthy unopened buds. No foliage below water line. Clear vases show better. Uniformity of stems is important (same number of open flowers per stem). Deadhead spent flowers. Strip thorns on rose stems. Flower perfection is the highest priority for points. If displaying Cleome, do not remove extra seed pods. If displaying Petunias and Gladiolas, judges like to see one open flower, one partially open, and one bud on the stem. Labeling the flower type is a bonus when judging.

Department 16A – Natural Science

Caution to members and leaders about collection of plants, animals and animal parts for fair exhibits:

With few exceptions, Wisconsin protects its wild creatures. Most animals, and their products, such as feathers, eggs, nest, shells, fur or skins can only be taken from the wild by someone with the appropriate permit or license. Only "unprotected species" such as starlings, house sparrows, opossums and skunks are exempt from this protection. Because it is impossible to know the circumstances under which collection occurred, we ask you not to use wild animal parts or products in fair exhibits.

If collection or hunting of wild animals is anticipated for a fair exhibit, be sure to obtain any necessary permits from the DNR. Hunting of any game or protected species can only be done by a licensed hunter.

Be sure that your plant and insect collections do not contain any protected species. Remember you can "hunt" these protected plants and animals very effectively with a camera or sketch book!

All posters are to be 14"x22" in size.

Items with (*) will be Conference judged. Check with department superintendent for time.

PLEASE BRING YOUR PROJECTS THE DAY THERE ARE JUDGED.

Caution to members and leaders about collection of plants, animals and animal parts for fair exhibits.

With few exceptions, Wisconsin protects its wild creatures. Most animals, and their products, such as feathers, eggs, nest, shells, fur or skins can only be taken from the wild by someone with the appropriate permit or license. Only "unprotected species" such as starlings, house sparrows, opossums and skunks are exempt from this protection. Because it is impossible to know the circumstances under which collection occurred, we ask you not to use wild animal parts or products in fair exhibits. Be sure your plant and insect collections do not contain any protected species. Remember you can "hunt" these protected plants and animals very effectively with a camera or sketch book! **All posters must be 14x22 inches!**

- Each exhibitor needs to sign-up before July 1 for a 10-minute time slot to meet with a judge on Thursday of the Fair. **Contact Andy at the Extension Office to sign up for your time.** Every effort will be made to schedule all members of a family as closely together as possible. This schedule will be included in the July 4-H Clover Leaves newsletter listing the date and time exhibitors are expected to bring their exhibits and be present for judging.

Face-to-face judging is designed to be a learning experience for the exhibitor and an opportunity for the judge to learn about the exhibitor's knowledge and involvement in the project. Exhibitors are to bring their exhibits to the judge at the designated time. The exhibitor and the judge discuss the exhibit and the judge questions the exhibitor about how the exhibit was made, help received and how it could be improved.

CLASS FB-1 - AEROSPACE - MODEL ROCKETRY - Grades 3 - 5 CLASS FB-2 - AEROSPACE - MODEL ROCKETRY - Grades 6 - 8 CLASS FB-3 - AEROSPACE - MODEL ROCKETRY - Grades 9 and up

All rockets entered for launching (lot 8) and another lot must have both entry tags attached when checked in. All entries must display recovery system with rocket.

REMEMBER: the object of the rocket launch (lot 8) is Spot Point Landing, which is to land your rocket closest to the spot chosen by the judge and superintendent (the cone). You do this by checking wind speed and direction, then adjusting the launch rod the way you think will best bring your rocket closest to the cone. **THIS IS NOT AN ALTITUDE CONTEST**, so please keep this in mind when choosing your engine size. Also consider that rockets that fly high and get caught in the wind may come down in nearby car lots. We don't want to become bad neighbors as this could possibly affect the future of our flying at the fair. **You are responsible for purchasing your engines.**

Consider this when purchasing engines. If, for example, you are going to use a B6-4:

B=TOTAL IMPULSE: This letter is the total power (in Newton-seconds) produced by the engine. Each succeeding letter has up to twice the total power as the previous letter. (Example: "B" engines have up to twice the power of "A" engines, which results in approximately twice the altitude the rocket will reach.)

6=AVERAGE THRUST: This number shows the engine's average push or how fast the engine powers the rocket to go. The higher the number, the faster the speed. It is measured in Newton's (4.45 Newton's=1lb.)

4=TIME DELAY: This number gives you the time delay in seconds between the end of the trust phrase and ignition of the ejection charge. Engine types ending in "0" have no time delay or ejection and are used for booster stages and special purposes only. Engines ending in "P" have no time delay or ejection charge and the forward end is plugged. (Used in rocket cars)
